Ms. Marianne Riggs  
Mailstop T10 D5  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Ms. Riggs:

I received Mr. Donnelly's letter of July 30, 1997, regarding the Department of Energy-Nuclear Regulatory Commission (NRC) interagency agreement, and I agree that the uncosted balance should be deobligated and the interagency agreement closed. To this end, I have indicated the Department's acceptance of NRC's proposal by enclosing a signed original and one copy of his letter.

It is our understanding that NRC intends to directly fund the study, "Deterministic Effects of Occupational Exposure to Radiation," through a contract with the University of Pittsburgh.

Please feel free to contact me with any questions on (301) 903-5926.

Sincerely,

Paul J. Seligman, M.D., M.P.H.  
Deputy Assistant Secretary  
for Health Studies
